## PRINCIPAL MESSAGE

**Dr. P. Shashikala Reddy**

It is my pleasure to introduce this edition dedicated to the very talented and brilliant students of Osmania Medical College.

This news letter chronicles the efforts made by the students from 2k18 batch to 2k22 batch. This edition reflects the exuberant, Jubilant, fun loving nature of our students and brings out hidden talents and surprises us with their tremendous tenacity and commitment in organising and executing the events in the name of this legendary institute.

Their enthusiasm and determination to raise the bar every time is what sets them apart.

These students have out done themselves every time, every year. My dear students you make us proud!

God bless you all.

**Principal**  
**Osmania Medical College,**  
**Hyderabad, 500095.**

## **SUPERINTENDENT MESSAGE**

**Dr. G. Nagender**

Warm Greetings!

It is my proudest moment to pen down a heartfelt message for the Newsletter of this world-renowned temple of Medical education, Osmania Medical College.

I took charge as the superintendent of Osmania General Hospital which is attached to this medical college, on December 2nd, in the year 2017 with a sense of great feeling of respect and dutifulness, having had my education, both under graduation and post-graduation, along with training in Surgery in this College and Hospital.

It has been a 35-year long journey, in different roles, as a student, as a junior and senior faculty and now as the highest cadre administrator, I cherish working with great teachers of past and present of this historic institution and all through striving to imbibe noble qualities from the stalwart heroes of my profession.

It is my passionate aspiration to retain the Glory of past in continuously keeping the patient care services at the zenith and to always enrich the medical education and research to contribute to the ever-expanding medical education. I salute to all those great doctors and teachers of the past and present who have led this institution to its present distinction.

**SUPERINTENDENT  
Osmania General Hospital  
Hyderabad.**

# OSMANIA MEDICAL COLLEGE

- a zenith in medicine -

In the dawn of dreams and perseverance, a tryst was made,  
Of work and passion to be laid,  
Our minds ameliorate in belief, of strife and struggle  
For an espouse we searched, for a sanctum to look up to,  
The holy grail of medicine, an arcade of exploring human biology,  
And here we stand facing the halos of the past,  
Legacy of a century to last,  
Stands the pride of Nizams, a crown of hearts,  
Of pages turned to marbling history,  
Of arches telling tales of mystery,  
Of corridors covered in cognisance  
For the celebration of knowledge manifests here,  
And celebrating health takes a norm here,  
Osmania medical college, standing against the race of time,  
But still in here, standing tall, a splendour in chime...

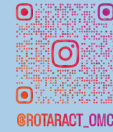

Of pain healed, of smiles borne,  
Of a noble profession, sworn  
All the colours of service are envisioned here, and so is health for all,  
Manifesting Hippocratic oath sworn,  
Of leaders to look to and faculty to rely upon,  
Where even the dead teaches the living and tells tales of evidence,  
Offering, not just a peek into treating pain, and serving lives,  
But our, Osmania gifts us an experience,  
Which we cuddle and strive for...

ACHYUT MURARI  
FINAL YR. PART 1 (2019)  
OSMANIA MEDICAL COLLEGE.

# COLLEGE INITIATIVES

## ROTARACT CLUB OF OMC

-Where service meets medicine

ROTARACT IS AN ORGANIZATION OF YOUNG ADULTS WHO TAKE ACTION THROUGH COMMUNITY AND INTERNATIONAL SERVICE, LEARN LEADERSHIP SKILLS, AND PARTICIPATE IN PROFESSIONAL DEVELOPMENT

ROTARACT CLUB OF OSMANIA MEDICAL COLLEGE WAS STARTED IN THE YEAR 2020 BY 2K17 BATCH .

Started off in by Donating Ganesh idols to vendors and shopkeepers on the occasion of Ganesh Chaturthi ~ By 2k17 and 2k18 Batch.

Events hosted: Alapana, Flood relief campaign, Project Red and many more.

Achievements: Won 5 awards during the "Annual Rotaract District 3150 Award Function"

In 2021, the club was handed over to 2k18 Batch, who organised a Blanket Donation and Plant Donation drive, with Lahari Chindam as President and Abishek Aashray as Secretary

The club kickstarted 2022, under the 2k19 batch, with a focus on People with Disabilities. Visited the Sumanth's Training Centre, under the guidance of Dr.L.Sudarshan Reddy Sir, and learned about the daily aspects in the life of children with Autism, speech defects, and hearing disabilities.

Organised a Workshop on Indian Sign Language in our college and in University College for Women and Arya Kanya Vidyalaya High School.

Currently under the leadership of 2k19 Batch, students of 2k20 are involved in various avenues of the club as Joint Secretary, Joint Treasurer and Joint Directors.

**FACULTY ADVISOR: DR. ABHIJIT SUBEDAR**

# MARCO POLO

**“RESEARCH IS FORMALIZED  
CURIOSITY, IT IS POKING AND  
PRYING WITH A PURPOSE.”**

**- ZORA NEALE HURSTON**

Marco Polo is an undergraduate student organization of Osmania Medical College focused on enhancing students' knowledge of research and evidence-based medicine.

The origins and the course undertaken: With the support and approval of our esteemed faculty advisers, the club was formed by students from the batch of 2016, headed by Parshi Bhavana and Sidda Nanditha as chairpersons, along with Treasurers, Editors-in-Chief, team of public relations, creative and content team (introduced in 2018) and the Technical Board MARCO collectively works towards promoting undergraduate research as a part of ICMR, and has expanded itself into different spheres.

Marco Polo equips the student with an opportunity to engineer and publish their research in renowned journals. The club provides the student with the able guidance of our faculty advisers and conducts interactive sessions on research methodologies making the student familiar with vast world of research.

We seek to identify those with common interests in the field of medical research and give them a platform to interact and collaborate, with guidance from their peers. Our club also has an international learning opportunities division for USMLE, PLAB and AMC. We aim to acquaint curious minds with the basics of research.

Stationed at the pride of Telangana, MARCO POLO strives at bringing the inner curiosity of a medical student into the true realm of the medical field.

# GOODWILL FOUNDATION

Goodwill foundation is an organization maintained by students of Osmania Medical College started by 2k19 batch (ACHA SATHISH KUMAR & DHARAVATH RAJESH 2k19- Founders) in the year 2020.

This organization aims at providing financial support to first year students of our college by providing free books, mess fees, examination fees and bone sets for the students in need.

So far the organization has distributed 10 sets of books to 2k20 batch students , 7 sets to 2k21 batch and are ready to provide 10 sets for 2k22 batch and paid mess fees to nearly 16 students and are ready to provide the necessities for the upcoming batches also .

This organization has successfully been running since 2020 under the able guidance and support of our beloved principal ma'am Dr Shashikala Reddy ma'am, Dr. Janaki ma'am and the staff, & has immense support from Universal Book Stores and Kapil Chit Funds.

Every year the organizing committee is being handed over to the next batches to ensure continuity of the services under the guidance of the founder members.

Panel Members : N.Anil Naik, G.UmaGouri, R.Tulasi, A.Jyothi, G.Vaishnavi, K.Dattatreya, K.Shyamala, Fatima Nayeem, A.Rahul, V.Nithin, G.Hannah, Varun Raj, G.Adarsh.

The initiative is further being continued by 2k20 batch . Under the guidance of 2k19 batch, the 2k20 batch were successful in collecting funds from different departments of the college and also from students of various batches . With the monetary help from spm department, 2k20 batch were able to fulfill necessities to those in need.

This legacy will go on...

Panel members- P. Pranay kumar, Adithi Reddy, T. Gowthami, Venkata Lokeshwara reddy, Akshatha nayak, Poojitha, Sripal, P. Roja, Nithisha. M, T. Mythreya, Mahi Mishal, Sunitha, Ramya, Akshay kumar

# OMC C.A.R.E.S.

Community Awareness, Education & Service Program

## A SELFLESS INITIATIVE TO IMPACT LIVES.

With compassion and faith in their hearts and the motto of - We RISE BY LIFTING OTHERS in their minds, the students of Osmania Medical College, have come together with the purpose of forming a club that is directed towards community outreach, social service and awareness.

The main purpose behind starting this club was to give the students of Osmania Medical College a taste of how community service works amidst the hustle of medical curriculum. The club was acknowledged and approved by Dr. P. Shashikala Reddy ma'am in November.

Since then, many activities have been organised through this club on the occasion of AIDS day on December 1st. Students of different batches formed teams and conducted interactive awareness programs in 12 educational institutions across Hyderabad, including schools, junior colleges and universities. To portray the stigma surrounding HIV/AIDS and to empower the young medicos to identify and speak against it, a colloquium was organised in the auditorium of the college in which skits, theatrical performance, narrations and speeches grabbed the attention of the housefull audience.

**With each step that it takes, this humble club manifests that, "OMC CARES"**

# PAWS OF OMC

Students volunteers of Osmania Medical College have taken up an initiative to form a group "PAWS of OMC" (Progressive Animal Welfare Society of OMC) to regularly feed the dogs residing in the campus premises and take care of their health and safety. Our principal, Dr. P. Shashikala Reddy, encouraged us and provided us with the necessary permissions and funds required to do so. PAWS of OMC has now taken up regular feeding of the dogs, placed reflective collars on them and given them beautiful names to provide them an identity. They will be getting the dogs vaccinated yearly and will ensure that they are all sterilized.

They have also collaborated with AWBP to install water bowls all across the campus to quench the thirst of animals living in the campus. PAWS for OMC intends to spread awareness about the woes of these voiceless creatures and educate students on how to empathise and help them. PAWS of OMC aims to make Osmania Medical College, the first truly animal - friendly campus of the state!

## VOICE\_OF\_OSMANIA

(Official Instagram page of Osmania Medical College)

**Voice of Osmania**, the official Insta handle of Osmania medical college. Acha Sathish kumar and Alla Jyothi. from the Batch of 2019 took an initiative to start this page on 13th November 2020. Later with the support of our principal madam

Dr.P.Shashikala reddy , it was declared as an official page on July 7th 2022.

Now the page is currently handled by ;

Goli Ashlesha (2k19), P.Jai Prakash Reddy (2k20), Sahithi Priya Mysa(2k20), Sathvika vallaji (2k20) ,Venkat kalvakota (2k20),

Sai kiran (2k21) , V. Mamtha (2k21), Shrija (2k21), B.Vamshi krishna(2k21).

Guglavath Sathwika (2k22), Venna Shailaja (2k22), Made Rishi Jnana Sree (2k22), Nusrat Ali (2k22), Karre Akarsh (2k22).

# INCENDIOZ - 2022

**I**inerary, a pinnacle starts !

**N**arrow, the path,  
yet the team departs !

**C**onscience, a spirited heart,  
sanctified, the sacred coat.

**E**ternity to behold,  
be the medical stories told.

**N**evertheless of what may,  
we've come to heal, to sway !

pledge more than it may seem.

**I**ntimacy of the world we thrive,  
for the dawn to arrive.

**O**mniscience we search, we seek,  
wisdom reigns the arduous peak.

**Z**enith the height, our aprons' white,  
stars in the sky of the darkest night !

## WHY OSMANIA ?

As I study not so far away from home, I feel secure and courageous. It has been very easy to adjust to the culture and way of life here as there is not much difference. Given the location of this college, there's always high security that I can enjoy. I choose this college over any other colleges in the state because of its huge exposure to patients with 10 attached hospitals. The seniors are caring and helpful at many times. Since Osmania medical college was established in the year 1846, it has the highest number of successful graduates and alumni all over the world, therefore having the Osmanian spirit everywhere I go.

– RISHITHA MAMIDALA ( 2022 ) - TELANGANA

I chose Osmania medical college for its rich legacy, ALUMNI network, prolific patient load and clinical exposure. Till now my experience in this college is exquisite. Professors are passionate for the subject and teaching.

– HARMANDEEP KAUR ( 2022 ) - HARYANA

I chose OMC as I knew that I was selecting one of the best colleges of our country without worrying about any kind of language issue and OMC was one of the top college in my priority list and I am glad to be selected in such a prestigious institution.

It was the best decision as it gives me a chance to explore the new place of our country with new culture and taste. I feel glad that I made the decision to apply in OMC and be an OSMANIAN forever.

– TANISHQ VASHIST ( 2022 ) - DELHI

# WHY OSMANIA ?

Hyderabad-the city of comfort.

I was allotted this college in the first round of All India Counselling. the vibe and warmth during the allotment didn't want me to apply for an upgradation.

- Discipline and culture that OSMANIA upholds
- OP record and patient exposure

— HASHMA SHIRIN ( 2022 ) - KARNATAKA

## FAMILY ADOPTION VISIT

According to NMC 2022 guidelines, Family Adoption Programme has been introduced as a part of the curriculum of Community Medicine. It intends to provide an experiential learning opportunity to students towards community-based healthcare. This program preferably includes villages not covered under PHCs/RHTC. During the visit, we interacted with the families, and details were documented. Through this, we can tackle issues like health illiteracy, ignorance about communicable and non-communicable diseases, means to reach healthcare facilities, taking time off from their daily wage works and thus increasing the awareness about healthcare. The FAP is expected to sharpen communication skills which are the backbone of the profession; learning to be humane and empathize with the rural population by understanding their customs and limitations. Overall, this program stands as a bridge between the medical health care and people who couldn't be reached out.

# KRENOVIANTZ

2021 Batch

**K**

Knights - Serves People ( Patients ) as Lords...

**R**

# — INTERNATIONAL YOGA DAY —

Yoga is a physical, mental and spiritual practice which originated in ancient India

The International Day of Yoga has been celebrated across the world every year on June 21st since 2015

This unity signifies the ultimate union of the body with consciousness and thus attaining definitive peace.

## HOW OSMANIA TRANSFORMED US ?

Coming to OMC has been one of the most challenging decisions of my life. Moving into a completely different world, a place where I knew no one, a place where I did not know the local language, I thought it was going to be hard. Little did I know that it was going to be one of the most cherished experiences of my life.

- PRABH BANI KAUR

After joining this college I didn't regret even a single day because of most experienced professors, friendly seniors and pleasant College environment.

Osmania gives me an immense pride of pursuing medicine here. I'm proud to be an OSMANIAN.

- SAI VARSHITH

Osmania Medical College is popular for producing notable ALUMNI and providing quality education. But there is one aspect of this college that remains unnoticed - the underlying influence of this college to shape its students personality. OSMECON, BEATS, Sports tournaments, Seminars , group discussion have served as windows to explore hidden talents participating in these programmes have boosted my confidence and sportsmanship .I am much more enthusiastic than before.

- ABHIGNYA

CAPS Tournament is a show of our college's basketball culture and passion making a mark in our [Osmania Medical College's](#) glorious history.

# OSMECON'22

12th Edition

OSMECON is an annual three day international undergraduate medical conference organized by Osmania Medical College since 2010.

OSMECON serves as a platform for students to showcase their talents and acquire new skills. This year OSMECON'22 held from 26th-28th of August.

The event was inaugurated by the world renowned Ophthalmologist, Dr. G.N Rao, founder of LV Prasad Eye Institute. Dr. Rao talked about how the college is known for academics and research and motivated our students to dream of greater heights.

Hand drawn Portrait by SANDEEP.G (2k19) presented to Dr.G.N Rao

**Day 1** started with the traditional lamp lighting ceremony by the chief guests and the dignitaries. Over 12 workshops on topics such as ABG analysis, Basic Surgical Skills, SIMWAR were conducted by the faculty of the Osmania General Hospital and other reputed hospitals from Hyderabad. The workshops were engaging and interactive and drew an eager crowd of over 2000 medical students from all over the world.

**Day 2** began with case, paper and poster presentations where students presented fascinating and rare medical cases to an expert panel of judges from our faculty. Events such as Diogenes (Debate), Spell-Bee and Medical Dumb Charades forced the students to put on their thinking caps and answer some out-of-the-box questions. Med Quiz was hosted by our notable alumni, Dr. Syed Mustafa Hashmi who's puzzling yet delightful questions left the audience enthralled.

**Day 3** started off with Dare to Diagnose where participants were challenged with diagnosing the most riveting medical cases. Then came the Medical Symposium which was the one of the main highlights of the entire event. The finals had 6 teams who each gave impressive AV presentations on medically relevant topics and answered questions asked by judges who were experts in their respective fields.

The grand valedictory ceremony marked an end to the event. The tireless efforts of the organizing members and the volunteers are what made this event a reality. None of this would have been possible without the guidance of our beloved Principal, **Dr. P Shashikala Reddy**, and our founder, convener, **Dr. M.Pariplavi**, who mentored us all to ensure that we give our best.

- Team OSMECON is very grateful to our mentors and all the participants for making it grand success.

**ORGANISING SECRETARIES:**

- S. Anugna (2k18)
- A. Rahul (2k19)

**TREASURERS:**

- P. Sai Pranay (2k19)
- R. Praneeth Reddy (2k18)

**JOINT ORGANISING SECRETARIES:**

- R. Samyuktha (2k18)
- P. Saikiran (2k18)
- Md. Faizan Ul Hussain (2k18)
- N. Ajay (2k18)
- V. Vyshnavi (2k18)
- Sanchi Saxena (2k19)
- L. Kireeti (2k19)
- G. Uma Gouri (2k19)
- Harshit Chaudhary (2k19)
- R. Dinesh (2k19)

# Beats

Beats 2022 was announced after a hiatus of 2 years. It was received with great enthusiasm and excitement.

This year Beats was organized by the 2018 batch. The event was held from 20th September to 26th of September. Event started with the inauguration ceremony.

Many new events were conducted this year such as Masquerade Ball, Arrhythmia, Cosplay, Short Film Contest etc. . .They were received with a lot of verve and fervor . Face painting, Fun stage, open Mic contest ,filmophile clash were also held which appealed to a lot of people and students participated in these events joyfully. Halloween Night was quite literally a scary night to remember .The Concert performed by the acclaimed Ram Miryala was the highlight of the fest. The Choreo Night and the DJ Night were the events to look out for where everyone danced heartily to the tunes of latest Tollywood and Bollywood numbers .

# Beats

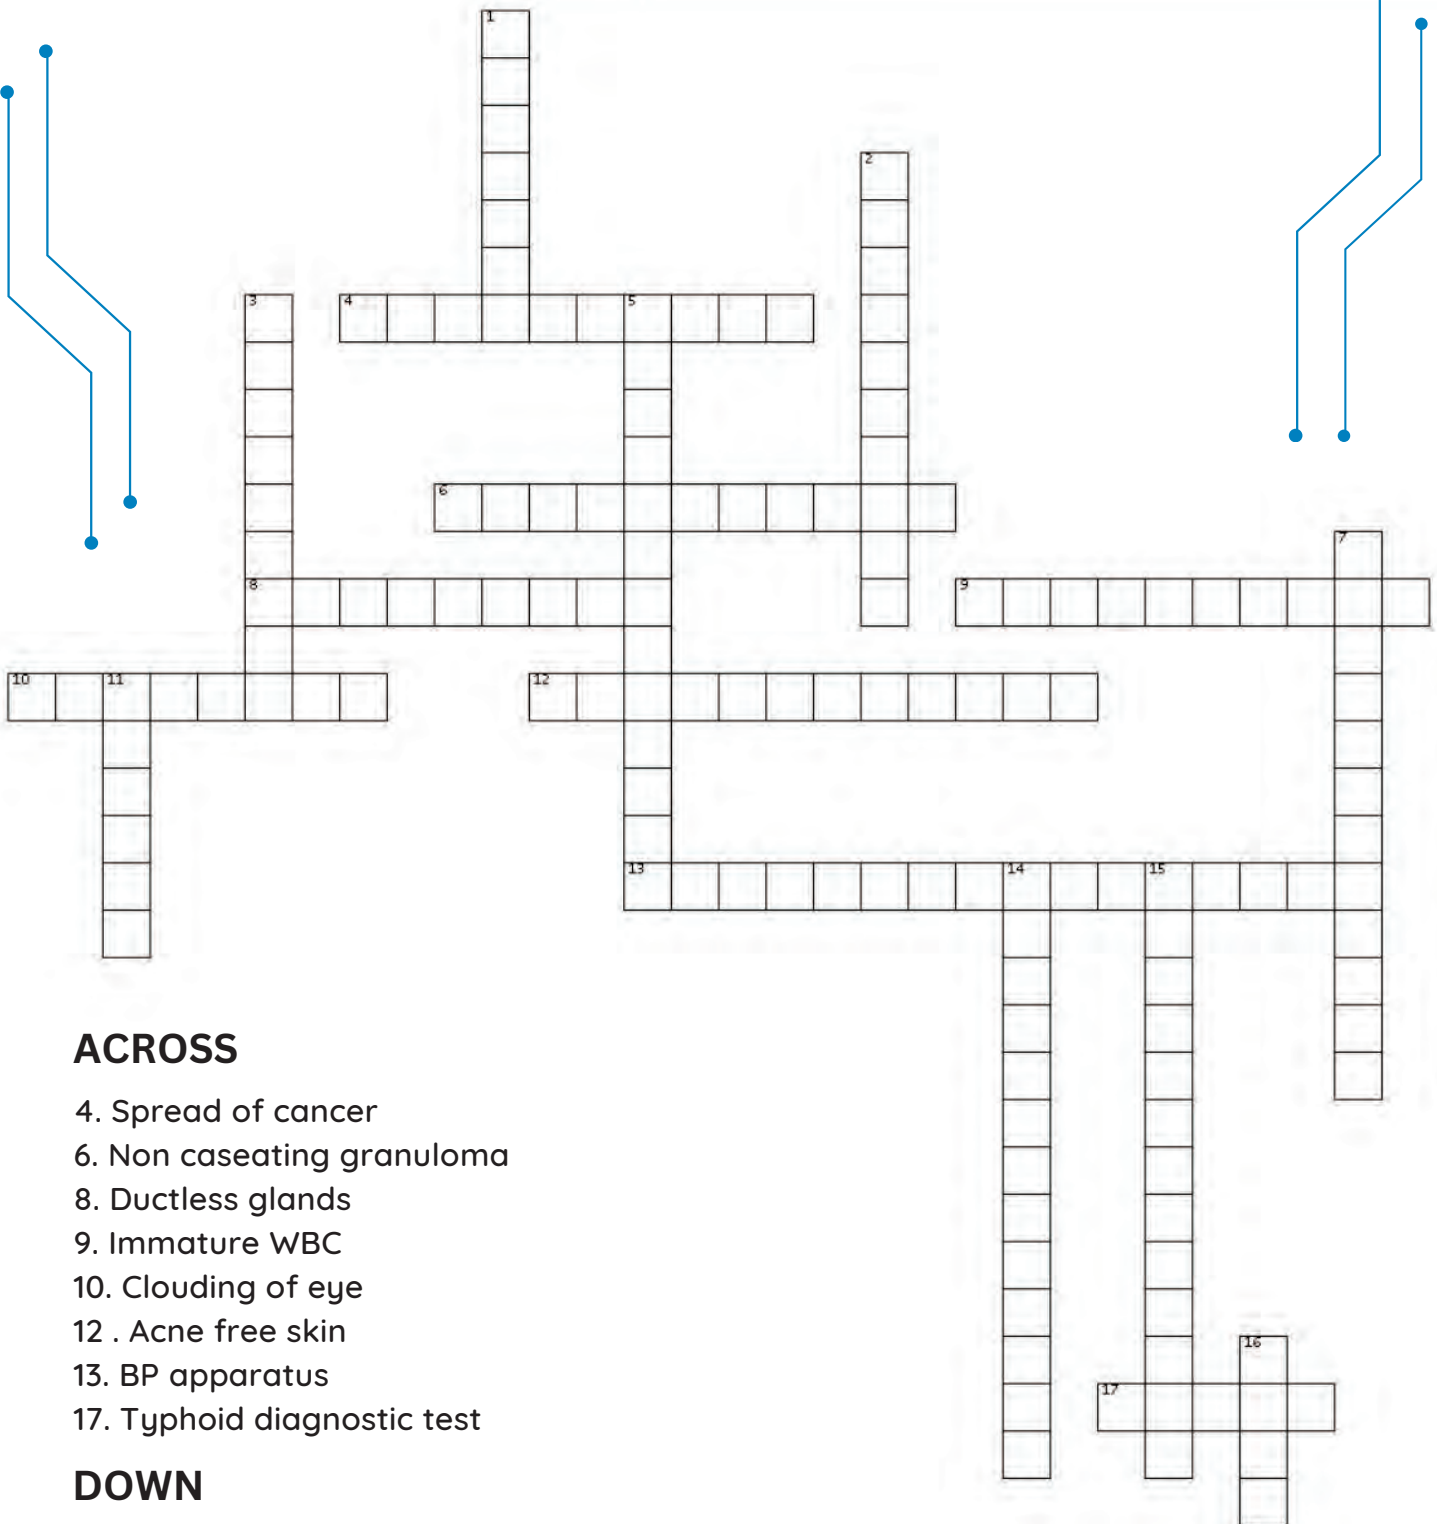

Sports activities were one of the key events of the fest. The tense last minute finishes in sports such as Basketball and Cricket further increased the suspense and kept the audience on their toes. A health run was held at Tank bund with the intention of creating awareness about leading a healthy lifestyle. The Carnival day was much talked about with impressive stalls put up filled with various fun games and food stalls. Finally the fest came to a conclusion with Valedictory ceremony where prizes were distributed to the victors and the event was considered to be a roaring success.

All of this was possible with the unwavering support of our beloved principal Dr.P Shashikala Reddy who stood with us at all times. We are grateful for her support.
